Justin Kroeger, insurance representative from Gallaher Consultants, provided an overview of employees’ past claim usage and the county’s future health plan goals. The county has experienced large swings in annual premium cost and the volatility makes it difficult to forecast and budget. Kroeger provided additional health insurance options in addition our current arrangement with the Service Cooperative. Alternatives include Public Employee Insurance plan (PEIP), fully-insure, other insurance pools, or self-insure. After board discussion, it was the **consensus of the board** directing Justin Kroeger to research all platforms of insurance or take out a formal request for proposal to research insurance options and costs and submit his findings to the Insurance Committee.

4. **Pine County Sheriff’s Squad/Body Camera Program**
Sheriff Jeff Nelson stated five Request for Proposals were received from vendors for consideration for a squad and body camera system for the sheriff’s office. The sheriff’s office and IT department reviewed the proposals received and narrowed the selection to three vendors who then

The cost of the squad/body camera program is $379,000, with $238,00 paid from the Technology Fund. The remaining balance of $141,000 would be paid from the General Fund, in annual installments of $34,750 over a four-year period.

Additional Court Security staff was located in the courtroom to assist with the social distancing within the courtroom. Isaacson reviewed the precautions taken to ensure the safety of the participants and court staff.

C. County Board discussion was held regarding reopening of county facilities.

It was the consensus of the board: (i) The courthouse will be reopened to the walk-in public on June 1st, (ii) employees who can work from home will continue to work from home, (iii) the North Pine Government Center will be by appointment only, with a focus on veterans, (iv) communication will continue with the City of Pine City as to the reopening of city hall at the South Pine Government Center. If the city desires the opening of access, the county will limit accessibility to the main floor as Health & Human Services will continue to provide services on by appointment until further notice.

D. The county board discussed when the board would meet in person versus solely by electronic means. The board determined that the June 2nd board meeting would be electronic and at that meeting the board would evaluate meeting in person for the June 15th Board of Equalization and June 16 County Board meeting. It is likely that as in-person meetings are phased in, they will be held at the NPGC because the room is larger and that there would be a remote option to avoid overcrowding the room.

E. Auditor-Treasurer Kelly Schroeder provided information related to first half real estate taxes collected. Because of the economic downturn, the county board adopted Resolution 20-26 proving a partial abatement of the penalty for late property taxes. The 2020 collection
