Dear Business Owner:

We are creating an information database in our department of all county businesses and would appreciate your assistance.

This database is for law enforcement use only, in the event of an incident involving your business. This may be an open door, a broken window, an alarm or even a fire. In any of these instances it may be vital for the Sheriff's Department to contact you or your designee in order to secure your property.

We have enclosed a form for you to fill out and return to our department. Please do so at your earliest convenience. If you have significant changes in key holder or other pertinent information at any time in the future, please notify our office.

We will have the form available on the county website to make updates easier for you. You can check out the county website at www.co.pine.mn.us .

Thank you.
